extension is a muddy flat to the north of the Hollageri and on about the same level. In my inspection, I suggested that the Hollageri should be moved higher up the hill and behind the village, but the villagers and boliyars protested against this most vigorously, as they considered it most inconvenient, etc; the boliyars declaring that they would not build huts there under any circumstances whatever.

2. Under these circumstances, I request that the extension of the Hollageri may be made on the proposed muddy flat, which, when well drained, I believe will be healthy as the present site. Pending Government sanction I am directing the Builder to take the preliminary steps to
